THIS IS UNEVALUATED INFORMATION

[illegible]

1. An improvised airfield was west of the town of YEVLAKH, Azerbaijan SSR (47°9' E/40°37'N), between the Kura River and the railroad line.
2. The field was not graded and had no buildings.
3. About 20 biplanes, allegedly courier planes from BAKU, were stationed at the field.

According to available information, there are two airfields near YEVLAKH: one is southwest of YEVLAKH, occupied by some fighters and commercial planes in June 1948, and another is southeast of YEVLAKH, allegedly occupied by 60 fighters in May 1948. The reported airfield west of YEVLAKH does not seem to be the previously observed field. It is possibly a small landing field for the DOSAV.
